

Tookan Tracker: Don't Just Track Your Fleet, Track Your Success

The common problems faced by Delivery Business:

01

Internet Outrage and Breakdown.

02

Asset Management Security..

03

Driver/Agent Safety & Security.

04

Vehicle Maintenance and Breakdown.

05

Unrealistic Delivery Timeframes & Workload.

- Precision
- Visibility
- Intelligence

Our Value Propositions:

Boost driver safety & optimize operational efficiency.

02

03

Driving additional sales by adding more number of deliveries.

01

Minimize Fuel Costs, Unnecessary Over-Speeding & Idling.

Tookan

04

Improve customer satisfaction & increase driver efficiency.

Tookan Tracker Offerings:

- **Real-Time GPS Tracking** : Allowing you to see the location of your vehicles on a map in real-time.
- **Geofencing** : Allowing you to set virtual boundaries around specific areas, such as construction zones, restricted areas, or customer delivery locations
- **Cargo security**: Monitor door-opening/closing events and unauthorized access attempts.
- **Driver Behavior Monitoring** : Allowing you to track driver behavior, such as speeding, harsh braking, and idling.
- **Reporting and Analytics** : Provide detailed reports and analytics on various aspects of your fleet operations, such as Fuel Consumption, Vehicle Maintenance, driver efficiency, etc.

Tookan Tracker **Capabilities:**

- **Real-time Location:** Pinpoint vehicle location on a map, with updates at configurable intervals.
- **Multi-stop optimization & Live Traffic Updates :** Plan & adjust optimized routes for deliveries with multiple stops based on real-time traffic conditions.
- **Driver Performance Monitoring :** Track and analyze speeding, harsh braking, idling, and other metrics.
- **Fuel Management :** Track fuel consumption, and fuel efficiency of each vehicle.
- **Two-way Communication:** Send messages and receive updates directly from drivers through the device.
- **Integrations:** Connect with existing fleet management systems, dispatch software, and accounting platforms.
- **Scalable solution:** Adapts to small and large fleets and grows with your business.
- **Fatigue Detection: :** Monitor driving hours and breaks to prevent fatigue-related accidents.
- **Advanced Analytics:** Generate comprehensive reports and visualize data to identify trends and optimize operations.

Tookan Tracker **Benefits:**

- **Improved On-time Deliveries:** Real-time tracking and route optimization ensure timely deliveries and satisfied customers.
- **Reduced Accidents:** Driver behavior monitoring helps identify risky behavior and promote safe driving practices.
- **Faster Emergency Response:** Quick location identification in case of breakdowns or accidents enables swift response.
- **Fuel Savings :** Optimized routes and driver behavior monitoring lead to decreased fuel consumption.
- **Increased Driver Satisfaction:** Tools and feedback based on behavior monitoring empower drivers and improve morale.
- **Reduced Maintenance Costs:** Preventative maintenance recommendations based on usage data extend vehicle lifespan and minimize repair costs.
- **Faster Emergency Response:** Quick location identification in case of breakdowns or accidents enables swift response.
- **Competitive Advantage:** Improved efficiency, safety, and customer service enhance your brand image and competitive edge.
